1. Background

- 1.1 The Code of Corporate Governance is a public statement setting out how South Yorkshire Mayoral Combined Authority will fulfil the principles of good governance in practice. The statement also encompasses the South Yorkshire Local Enterprise Partnership and, until formal dissolution, the South Yorkshire Passenger Transport Executive (SYLTE). The Code demonstrates that, collectively, governance arrangements comply with the core and sub-principles contained in the CIPFA/SOLACE Framework Delivering Good Governance in Local Government 2016.
- 1.2 The underpinning principle of the CIPFA/SOLACE framework is that local government organisations should develop and shape an approach to governance that takes account of the unique environment the organisation is operating in. The Framework assists Authority's in developing their approach to ensure that resources are used in accordance with agreed priorities, there is sound and inclusive decision making and clear accountability for the use of resources to achieve the desired outcomes for service users and communities.

2. Key Issues

- 2.1 In line with a commitment to review the Code of Corporate Governance annually, the existing MCA Code has been reviewed against the CIPFA Framework taking into account the priorities and operating environment of the single organisation from 1st April. The proposed 2022-23 Code recognises that until the point of formal dissolution, SYLTE exists as a legal entity and therefore is still required to have a formal statement in place. This is reflected in the introduction.
- 2.2 **Key areas of enhancement**

Considering the priorities and operating environment of the single organisation key enhancements include:

- emphasis of the service and operational nature of the public transport functions of the single organisation including strengthening the importance of meaningful consultation with communities and service users around schemes, projects and provision of services (ref section 4.2 and 6.2)
- a commitment to develop relationships that will challenge thinking and drive high quality strategies and plans (ref section 4.2 and 6.2)
- reference to the key indicators and metrics used to monitor and evaluate performance and understand the impact made (ref section 5.2 and 6.2)
- reference to assets, recognising the physical assets of the single organisation (ref section 6.2)

3. Consultation on Proposal

- 3.1 The Annual Governance Review process, which has involved MCA officers, members of the senior management team and Statutory Officers has informed the proposed changes to the Code of Corporate Governance.

4. Timetable and Accountability for Implementing this Decision

4.1 If endorsed, it will be adopted with immediate effect. Should the formal dissolution of SYPTE take place before the next annual review, the Code will be updated to reflect this.
