Summary

The MCA Board has approved an investment of £2.2m to deliver a four-year Safe Space to Sleep Programme (SSTSP) in South Yorkshire for children aged 0-5.

A safe space to sleep is one of the foundational elements of early childhood. By supporting families to access, where needed, a safe bed, crib, cot or moses basket we can make a huge difference to education, health and social outcomes later in life as well as reduce the real-life cost of living pressures facing many families in South Yorkshire right now.

Recommendation(s)

That the Committee note the attached update on the Safe Place to Sleep programme.
