186	06 March 2024	Sheffield Connect	Local bus services and connecting routes, passengers and businesses in the city centre is a key component of the South Yorkshire public transport network. The retention and provision of the service is essential to retain accessibility which would otherwise be lost at the times that these services would operate. Awards are within the limitations of the budget available and in line with the policy decision made by the MCA during 2022 and 2023, including the approval to purchase the vehicles for use on the city centre shuttle service.	Melanie Cocoran	£1,426,708.89
