Report Author:

Gareth Sutton, Executive Director Resources and Investment

Executive Summary

The report is presented for information on the MCA's capital investment programme. Information is presented as at the end of financial year 2023/24.

The report highlights the exciting development across the region as the MCA invests into communities and places. The report details the scale, status, and location of investment across the region, providing narrative information on individual schemes.

All schemes presented have either previously been approved by the Board or are in development and will be brought before the Board into the future.

Recommendations

That the Board note the Capital Investment Programme 2023/24 Outturn Report
