1. Background

- 1.1 In line with national government guidance and good practice the LEP produces an annual report and delivery plan. This paper presents the LEP Annual Report for 2020-21 and LEP Delivery Plan for 2021-22 combined into a single publication at Appendix A.

2. Key Issues

- 2.1 The LEP Annual Report 2020-21 and Delivery Plan 2021-22 provides a review of activities undertaken by the LEP during the previous financial year including highlights from Thematic Board areas and notable achievements. It also summarises the LEP's plans and celebrates the achievements of the LGF programme that concluded in 20/21 after six-years.
- 2.2 2020/21 marked the final funded year of the Local Growth Fund (LGF). The mid-term evaluation revealed that for every £1 of LGF investment in the economy, a further £2.35 of match funding was generated for the economy, and that to date the LGF programme has returned £24 for every £1 invested, with this predicted to rise to return £67 for every £1 of LGF invested once all outputs have been achieved

2.3 Achievements and Successes from 2020-21

Notable achievements and successes that are highlighted in the report include

- Establishing the South Yorkshire Careers and Enterprise Company Hub and growing the number of schools engaged
- Continuing to build an ambitious investment pipeline of indigenous and inward investment growth businesses
- Supporting the development and delivery of the £33m Getting Building Fund programme, including supporting Project Sponsors in securing £20.5m infrastructure and investment during the year.
- Establishing the Skills Advisory Network and supporting the development of an evidence base to inform a new Skills Strategy
- Incorporating the views of over 250 business leaders and partner organisations from the public, private and voluntary sectors into the revised and approved Strategic Economic Plan.
- Recruiting a number of new LEP Board Members from diverse backgrounds and experiences, broadening our mix of skills and expertise.

2.4 Activities for 2021/22

The report includes a table of the outputs that LEP funded projects will deliver in the 2021/22 financial year. Other key activities that are highlighted for delivery this year include:

- Offering strategic insight and direction to establish a delivery plan for Gainshare Investment
- In 2021/22 the SCR Digital Infrastructure Strategy will be completed to provide a framework for the roll-out of gigabit capable broadband infrastructure and 5G across South Yorkshire.
- Supporting the continuing Growth Hub and Skills Bank programmes, as well as the first-year delivery of the Adult Education Budget

- The recent agreement to re-name the MCA will need strategic place-making and brand development input to maximise our reputational impact
- To achieve a fairer region, we have work to do to inform the development of the Inclusion Strategy that incorporates the views of diverse stakeholders across the geographic footprint
- Continuing to develop the business investment pipeline and identify opportunities to champion and advocate for South Yorkshire as a place that is open for business
- Advising on Mayoral priority areas such as Active Travel and Arts, Culture and Heritage, and supporting these programmes of work.

A more detailed programme of MCA and LEP activity is set out in the MCA/LEP Corporate Plan.

- 2.5 LEP Board members are asked to consider the draft LEP Annual Report and Delivery Plan at Appendix A and advise of any required changes. The finalised document will be submitted to Government and published on the SCR website.

Should SCR fail to produce these reports / combined report, SCR could be subject to Government intervention. This ranges from regular performance meetings and remedial action plans to risk-based deep dive reviews.
